Dear Sir/Madam:

In addition to my extensive background experience, I have strong communication and organizational skills, a commitment to providing excellent manufacture and product services, excellent customer service, excellent administrative skills and I am able to work independently and within a team environment. I have been recognized in my volunteer work for my abilities to organize events and take responsibility for fund raising activities. My broad background and experience makes me an excellent candidate for this position. With reference to the qualifications described in the advertisement, you will see from the enclosed resume that I have:

- experience in electrical board.
- experience in design, analysis and Research&Develop positions, with increasing levels of responsibility.
- Biomedical Technicians.
- Computer training and experience using Microsoft Office.
- Test and calibrates controlling of Medical equipment.
- Pretty familiar with engineering Standard, ASTM, ANSI, ISO, AGMA, IEC, IEEE. CE and FDA protocols.
- Extensive experience in taking the initiative to organize an office, with little supervision.

Sincerely yours

Resume
